PSG MASTER KIT UPHOLSTERY CLEANING

ENCAPSULATION

The PSG Master Kit is perfect for the upholstery specialist. The 5-liter-spray tank makes this kit unbeatable for large jobs.

ENCAPSULATION

While cleaning, the soil is removed deep from the textile fibres. During short drying time, removed soilings are encapsulated. These capsules can be removed without residues.

BENEFITS

- suitable for all kinds of upholstery
- removes soil, spots and odors
- refreshes colours
- simple to use
- fast and efficient
- leaves no harmful residues
- upholstery can be used immediately
- cleans most textiles
- cleans leather

MASTER KIT CONTAINS:

1. F 1 stain remover 0,5 l
2. PS1 dry foam concentrate 1 l
3. HSB dry shampoo hand brush
4. HT1 terry cloth towel
5. RB 100 rotaton brush
6. PS50 spray tank 5 l, 4 m spiral hose
optional: battery powered pump

Attention: recommended power drill not included.

UPHOLSTERY CLEANING STEP BY STEP:

1. PRESPRAY

Spray **F 1 stain remover** on spots and heavily soiled areas.

2. APPLY & AGITATE

Use the **RB 100 brush** to agitate the dry shampoo on the entire textile surface.

3. DETAILED CLEANING

Use the **HSB hand brush** to clean corners, edges and other difficult-to-reach areas.

4. DIRT PICK-UP

Use a terry cloth towel to pick up the encapsulated dirt and/or vacuum.
